## Benefits to YOUR Organisation

**Natural Safety Solutions** understand the challenges that small business owners and managers face; trying to juggle efficiency, costs and quality, whilst also considering the health and safety of employees. With this in mind **Natural Safety Solutions** have put together for you a range of health and safety consultancy packages for small to medium size enterprises, ranging from small one-off jobs, to full outsourcing packages.

### Benefits can include:

- ✓ 1-2-1 personal competent support - You will always have the same named consultant.
- ✓ No call centres and remote advisers – Your personal advisor will work with you to understand and support your business.
- ✓ Peace of mind for directors and owner managers that your legal compliance is being professionally addressed.
- ✓ A choice of contracts; Pay as you go or split costs to help your cash flow.
- ✓ Tailored documents for your business to cover your specific risks, no generic manuals and meaningless forms.
- ✓ Same day phone and email response as far as reasonably possible, plus agreed face-to-face time to support you and your team.

The small business health and safety consultancy packages **Natural Safety Solutions** offer will provide a high quality suite of compliance services that doesn't deviate from our core quality guarantee, whilst being priced to meet your budget.
